

Village of Balsam Lake
Public Works Committee
Tuesday June 20, 2017 6:00 pm – 6:34 pm

Meeting called to order by Steve Biza.

Members present: Steve Biza, Caroline Rediske, Jeff Reed

Discussion was held on extending no parking 30 feet beyond corner of Mill Street and County Road I (northwest side of County Road I). If there are boat/trailer parked there it very hard to see to cross the road. **Motion by Jeff Reed to approve extending no parking 30 feet on the north side of County Road I west of Mill Street. Seconded by Caroline Rediske. All in favor. Carried.**

Discussion was held on creating standard parking stalls along all of Main Street. Once the parking stalls are measured out and established then it can be determined how much farther back the Village can extend the yellow no parking at street intersections including Old Courthouse Avenue. The committee will try and get the measurements of the parking stalls established as soon as possible so the yellow no parking extensions can be done.

Discussion was held on Lakeview Senior Park's fire protection fee. The fire protection fees are established by the Public Service Commission of Wisconsin and the Village Board does not have the authority to change water rates. If Lakeview Senior Park would like to see their fire protection fee reduced they will have to contact and petition the Public Service Commission of Wisconsin.

Discussion was held on drafting a resolution to enforce a zoning violation at 305 Mill Street. The resolution would simply state: to give authority to the Village Attorney to give a judgement to the owner of 305 Mill Street to remove two accessory buildings that are in violation of the Village Zoning Ordinance. Lori will draft the resolution and forward it to the Village Attorney for any modifications. The resolution will be brought forward to the Village Board at their July regular board meeting.

Motion by Jeff Reed to adjourn. Seconded by Caroline Rediske. Carried.

Lori Duncan, Clerk Treasurer
