

Meeting called to order by Chairperson Rod Preble at 5:00 pm.

Members present: Rod Preble, Eric Jorgensen and Kathy Poirier

Others present: Dave Patterson, Steve & Caroline Rediske

No public comments.

Dave Patterson informed committee members regarding the time frame to hook up to water and sewer in accordance with Village Ordinance 293-50 Disposal of garbage and sewage Section C. They must hook up to both municipal sewer and water no later than 10 years. Dave will inform the new owners of the property at 117 Perry Mound Road.

Discussion was held regarding the \$250.00 fee charged to property owners in the event that a grinder pressure pump must be repaired or replaced. There will be more and more grinder pumps that will need to be repaired or replaced going forward as the grinder pumps that were installed within the last 10 years are now starting to age. After evaluating the costs the committee is inclined to raise the cost of the fee. Dave will gather more information for the next meeting after speaking with other villages and Minnesota Pump Company.

Motion by Kathy Poirier to adjourn. Seconded by Eric Jorgensen. Carried. 5:30 pm

Lori Duncan, Clerk Treasurer
